

## MONTENEGRINS AGAIN REFUTE PEACE RUMORS

Paris, Feb. 22.—A reported statement by the Austrian ambassador in Madrid that the Montenegro minister who had remained in the country proposed that King Nicholas should authorize them to make peace with the Austrians, has caused Lazarus Mouchekovich, premier and minister of foreign affairs of Montenegro, to issue a statement. It says: "If the King and chief of his government were obliged to leave Montenegro to escape from the enemy, after giving strict orders that no negotiations be undertaken with the enemy under any pretext, it certainly is not likely that they would today accept suggestions from persons who are under coercion from the invaders. The King and legal government of Montenegro are in the same position as the Kings and governments of Belgium and Serbia. Montenegro has been placed by her rulers under the protection of the great allies, who have given assurance that no separate agreements would be made with the enemy."

## Y. W. C. A. Facilities Are Not Adequate, Is Plea of the Directors

The development of Bridgeport's Young Women's Christian association during the 22 years since its organization, has been remarkable. With 27,000 women and girls in industry in Bridgeport and more constantly coming in to take positions, there must be a proper and comfortable room provided and nourishing food obtainable at moderate cost.

The association stands for the four-fold development of a girl's life and recognizes that the social craving of the human family must be satisfied as well as the physical, intellectual and spiritual desires.

The present quarters are scattered about in various buildings, making the work very much handicapped.

## Police Make Bound of Cabarets And Issue More Orders

For the purpose of learning whether or not the rules recently promulgated by the police board regarding cabarets are being lived up to in the various cabarets, Police Captain John H. Regan and Sergeant James O'Reilly made a visit to these places last night. The first place entered was Baldwin's cafe and cabaret in Cannon street. From there they went to the Faust in Elm street.

In none of the cabarets have the rulings been put up surrounding the stage in order to prevent entertainers from mixing with patrons. Orders were given that this rule be complied with at once.

## Policemen At Railroad Station Are Removed

In the future the policeman stationed at the railroad depot will be a special policeman in the employ of the New Haven road. No longer will the city of Bridgeport furnish a policeman at this point.

Last night upon orders from President John C. Stanley, of the police board, Superintendent Eugene Birmingham removed the three railroad policemen from their beats and assigned them to various posts in the city. The policemen affected are: Patrick J. Corrigan, Thomas Gerrity and George North. They will patrol on Main street from State street to Congress street. Commissioner Stanley said the cause for making this change was the present shortage of men in the local police department.

## SECRETARY BURNES HEARS LOCAL CASES

Secretary of the State Charles D. Burnes gave hearing on violations of the automobile laws at the State Capitol yesterday afternoon. Thomas P. Rehill of Bridgeport, who was arrested in Milford on January 12 charged with operating a motor vehicle while under the influence of liquor, said he left Bridgeport for New Haven at 10:30 o'clock in the evening. His machine broke down on the road and he arrived in Milford at 8 o'clock the next morning. It was said that Rehill visited a saloon in Milford several times just before he was arrested. It developed that he has been in several other accidents. Secretary Burnes reserved his decision.

Charles Sutton of Bridgeport, the driver of an automobile truck for a man in that city, was concerned in an accident in that city on Feb. 10. Sutton said that a helper was driving the truck at the time and that he became confused, the machine smashing into a freight car. Secretary Burnes said that he would not suspend his license.

## Father O'Connor Sails For Florida To Regain Health

Rev. Michael J. O'Connor, pastor of St. James' R. C. church, Stratford, Conn., left this morning for St. Augustine, Fla. where he will spend several weeks to recuperate. Father O'Connor has been unwell since he had the grip and his physician has ordered him to a milder climate. A La Salette missionary priest will be in charge during the pastor's absence.

## EYE BLOWN OUT BY CARTRIDGE PRIMER

Torrington, Feb. 22.—William P. Phillips, one of the oldest casters employed by the Coe Brass company, was painfully injured yesterday when his right eye was blown out by hot metal which was sprayed about in the casting room when a cartridge primer exploded. The cartridge was in a lot of loose scrap brass that was being poured into the melting furnace, preparatory to being melted and run off in the foundry. There are probably hundreds of tons of cartridge shells melted in the course of a year at this plant and every shell is carefully examined to see if the primers are on them. The explosion was the first in years.

## John J. O'Brien Now Policeman At Railroad Station

John J. O'Brien, of 1257 Barnum avenue, for many years a special policeman and a railroad policeman, has been assigned by the New Haven road to police duty in the local depot. This assignment was made following a decision of the police board last night

that the policing of the station is a duty of the railroad rather than the city police.

Mr. O'Brien did not neglect his duties, for within half an hour after beginning he made his first arrest.
